the arguments work at the level of logic; they made sense. (This matters, whatever the genre.)

1

2

3

6. LANGUAGE (*lexis*). The speech employed suitable vocabulary: words well chosen both as to topic and as to level of discourse. Sentences were grammatical.

	1	2	3	4	5	6	7
Ī							

7. RHETORICAL ELABORATION/AMPLIFICATION (auxēsis, exergasia, peribolē, epicheireme, etc.). Presenter employed figures of speech and thought (Burton Silva Rhetoricae) suitable to the type of speech and to subject matter — did not over- or underdo it, made the expression all the more effective.
